RE: CDBG-CV Request for Proposal
Amendment 1 - Federal Labor Standards Provision

Amendment to Redwood County request for proposal to design, construct, and operate a fiber-to-the-premises network within the City of Sanborn, Minnesota and surrounding areas in Charlestown Township. This opportunity has been made possible for a grant that was awarded to the County by the Community Development Block Grant – Coronavirus (CDBG-CV) Broadband program. The grant is processed and approved by the Minnesota Department of Employment and Economic Development (DEED) Small Cities Development Program (SCDP).

This amendment is to notify potential responders to the RFP, the selected internet service provider (ISP) must comply with all Federal Davis Bacon and Related Act requirements (DBRA); and is subject to follow the [DEED “12 Step Instructions”](#) in order to comply with DBRA. Redwood County will be required to submit the DEED “Notice of Contract Award” to DEED staff within 14 days of each contract award where DBRA applies and before using grant funds to pay contractors or subcontractors.

The selected ISP will be required to submit to Redwood County the first payroll for each contractor and/or subcontractor working on the project. This information will be sent to DEED staff for review before any cash disbursements for the activity are issued by the State to the County.

Any questions or concerns regarding this memo can be directed to Briana Mumme, Redwood County Economic Development Coordinator at (507) 637-1122 or Briana_m@co.redwood.mn.us.
